Our Excursion

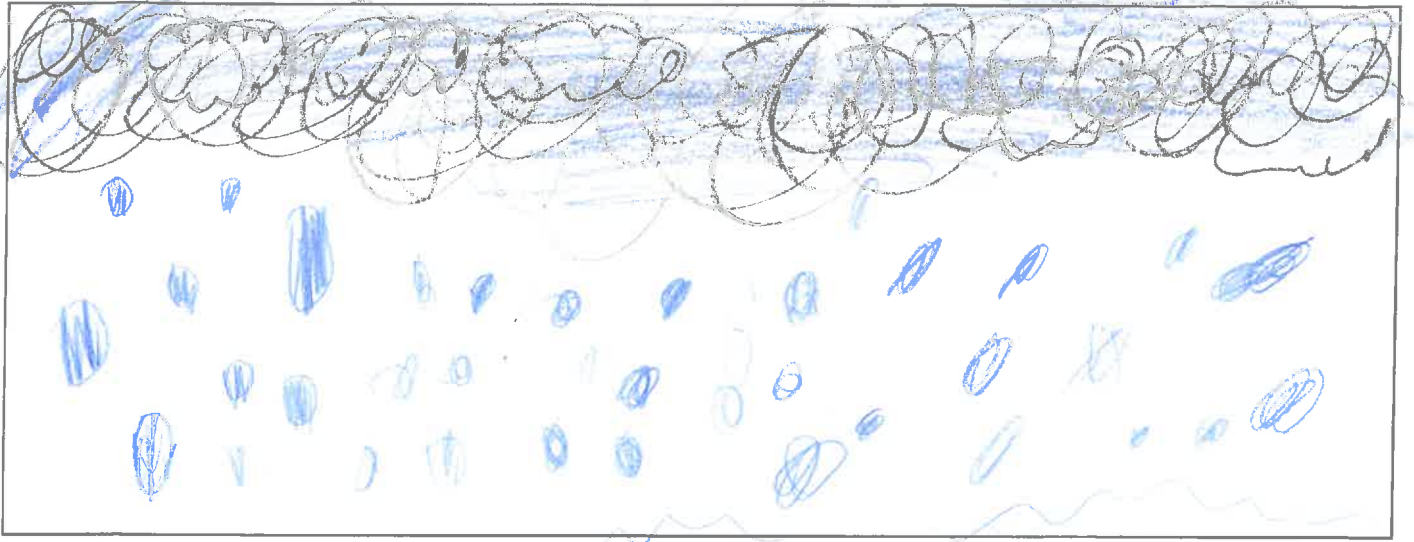

Yesterday we went on an excursion. We went to the Vet. We saw X-rays of an echidna, a dog, cat, and a bird. We saw sick and sad dog and there was a cat with a broken leg. If the dogs were good they got a liver treat. After that we went to Lindal Park. I went on the Spider Web slide. When I got to the top I went down the slide. I did it twelve more times than I went on a swing two times. After that I went on the round swing then I went on the slide five or more times. I went on the

Blade
twirling thing three times
then I went on the trampoline
of like thing I had a drink
then we went back to school
on the bus. the excursion was
fantastic.
