

The official launch of Ed-U-Cat

By Amy, Lillian & Casey

On Tuesday 28th March, a group of students from Risdon Vale Primary School were invited to take part in the official launch of Ed-U-Cat.

The Cat Centre has developed an educational program for schools: Ed-U-Cat will be Tasmania's first K-8 Feline Welfare Education Program and will link the Australian Curriculum and STEM Challenge/ Inquiry themes to Tasmanian Feline Welfare issues. The program will include Teacher Information Sessions, Incursions, Teacher Lesson Plans and Excursions to the Centre, all of which will be free to all schools in Tasmania.

All students had a really good time playing games and looking around the centre. Students from Grade 2/3 Weavers will be doing some fundraising in term 2 to raise money for the centre.
