

Earn & Learn 2017

Thank you to everyone in the community; students, parents, grandparents, friends, neighbours and staff for your efforts in collecting stickers last year to help our school earn some new equipment.

We used the 16,200 points to order a dual clock for each P-6 classroom that shows digital and analogue time. We also got some colourful foam cubes and transparent counters for use from K-6. Thanks for your support! The clocks will be going up in classrooms soon.

This is a photo of our new equipment.
