

K to 6 Garden Blitz

THANKYOU to everyone who came and volunteered their time in the garden. What an awesome turnout. 15 families, 20 children and 4 MONA staff busily working together in our garden.

MANY HANDS MAKE LIGHT WORK!

This is what we achieved:

- Filling and planting our new LIFT raised garden bed
- Weeding galore
- New garden edging
- & a work in progress - An arbour entrance to our garden
- Preparation of the green manure bed

Our kitchen garden program is an asset to our school. Both kitchen and garden are engaging learning spaces that provide endless opportunities for curriculum integration and hands on, real life learning. Garden Blitzes contribute significantly to keeping the program running.

Thankyou to Mrs Burr and Mrs Schmidt for their effort, organisation and preparation for this event. We all enjoyed a delicious afternoon tea prepared by Anna and students in Kitchen classes.

We look forward to our next K to 6 Garden Blitz in Term 3.

School and Families working in partnership
